**NDT**  
**NON DESTRUCTIVE TESTING**

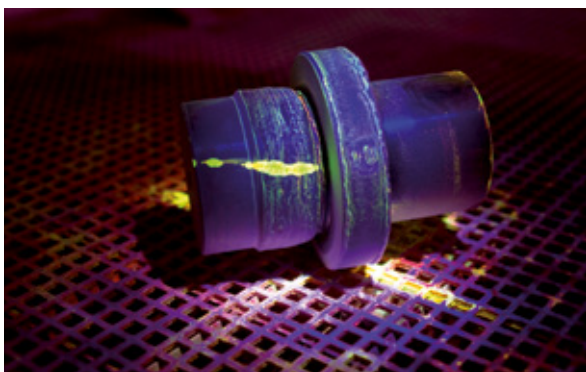

Duisburg  
TRAINING COURSES

## NON DESTRUCTIVE TESTING

- Radiographic testing, film interpretation
- Manual ultrasonic testing
- Magnetic particle testing

- Visual testing
- Penetrant testing
- Hardness testing

For our NDT services you can rely on a certified (EN 473) and experienced team anytime. Our documentation of all NDT test results and reports is available by electronic means.

## EXPERTS AT ALL STAGES

An experienced team of both, welding and NDT engineers (IWE and level3) performs all NDT tasks from the verification of designs, the compliance with specifications to the execution (supervising) and the final stage (acceptance).

This service is available in Germany and abroad.

Our well equipped laboratories offer our services tailored to your needs providing fieldexperienced solutions that are applicable on short term.

We offer you to certify your NDT-personnel according to EN 473. Your knowledge permits short training courses focused on the interpretation of European standards. We work closely together with TÜV NORD who issues NDT-certificates accepted worldwide. We offer all training courses tailored to your specific needs either in our institute or in your company.

## TRAINING COURSES

We offer you the following courses according to DIN EN 473 in German and English language:

- Ultrasonic testing (UT) Level 1-3
- Radiographic testing (RT) Level 1-3
- Film interpretation
- Visual testing (VT) Level 1-3
- Penetrant testing (PT) Level 1-3
- Magnetic particle testing (MT) Level 1-3
